Address	Brigadeiro Faria Lima Avenue, 2170, Putim S�o Jos� dos Campos – S�o Paulo, Brazil ZC: 12227-901
Activities	By stretching the limits of what is possible, and embracing opportunities from day one of our history, we have done the unimaginable in the sectors of commercial and executive aviation, defense and security. We use design, imaginative engineering, and technology as the principal tools to create new perspectives, and arrive at solutions that bring excellence and performance to each of our clients and partners.
Presentation of the company	Embraer arose from the dream to transform Brazil into a country possessing the latest in technology. From these dreams and challenges we have turned Embraer into one of the largest commercial aircraft companies in the world. With help from the national government Embraer was founded in 1969, and immediately began revolutionizing Brazilian technology.
World presence	Embraer emerged in Brazil, but was created to spread all over the world. In order to attend global demand, we have established factories, offices, and centers of distribution for parts and services in the Americas, Africa, Asia, and Europe.
Jobs and internships description	Jobs: Programs and open positions in Brazil and around the world. We seek results as one team, in the development of people with open and honest conversations and the possibility to learn to solve complex problems in a simple way, always with passion to make a difference, challenging the impossible. Corporate and Administrative Internship: we are looking for profiles who want to work in our business areas, supporting the planning, finance, procurement, logistics, legal, communication, HR teams, and several others, with the will to bring improvements to our processes and ways of working, with attention to organization and motivated to innovation and digital transformation.
